

ERASMUS+ TRAINEESHIPS

Introductory information

Recruitment process for Erasmus + Traineeships in 2019/2020 academic year shall take place until such time as all places have been filled. The Traineeships should be carried out between 1.06.2019 and 30.09.2020

Mobility Capital

Under the framework of Erasmus+ Programme students can apply for studies and traineeships at each of the three levels of studies (Bachelor's, Master's, PhD). Mobility capital (number of months spent abroad under Erasmus Programme) is calculated separately for each level when calculating mobility capital one has to add together months of all previously completed mobilities (both studies and traineeships) at each level of studies, including mobilities under previous editions of Erasmus Programme (Socrates-Erasmus, LLP-Erasmus).

Mobility capital per one level of studies is 12 months.

Recent graduates must be selected during their last year of study (while holding an active student status) and carry out and complete their traineeship abroad within one year of graduating.

Erasmus grant awarded at UWr versus mobility capital

Every UWr student can receive funding at a given level of studies for:

- one semester studies at a partner university with a financial grant for the duration of one semester/trimester (for the period of 3 to 5 months)
- traineeship during studies or graduate traineeship (for the period of 2 to 5 months)

In the case of uniform Master's programmes the number of possible mobilities gets doubled.

It is not possible to accumulate months with financing, e.g. one year-long mobility instead of two separate ones (with funding).

It is not possible to transfer funds, e.g. 10-month study mobility with funding when turning down traineeship mobility, or vice versa.
